

Full Stack Web Developer

Manuel Henriquez

mhenriquez16@gmail.com | +504 9237-0288 | <https://mhenriquezd.github.io/portfolio-v2/>

PROFILE

Web developer with over 5 years of experience building modern web applications, both front-end and back-end. Experienced in PHP, Node.js, JavaScript and TypeScript, working with frameworks such as Next.js, NestJS and Vue.js. Passionate about software development, continuous learning and professional growth, with the constant goal of sharpening my skills and building solutions that are more efficient, scalable and higher quality.

PROFESSIONAL EXPERIENCE

Semi-Senior Developer

March 2026 - Present

INFATLAN

- Refactored and improved a legacy React application, applying UX/UI best practices and scalable patterns.
- Technologies: React, TypeScript, PostgreSQL, AWS

Back-End Developer

January 2025 - February 2026

SENPRENDE

- Backend optimization of ComerciaHN, MIEL, SSE and SIS with NestJS. Growth from ~300 to over 1,000 registered entrepreneurs on ComerciaHN.
- Technologies: NestJS, TypeScript, PostgreSQL, MongoDB, Prisma

Technology Consulting

Jul 2024 - Dec 2024

CDE Mipyme Coordillera Nombre de Dios

- Backend development of MIEL 3.0, a public platform for free SME incorporation. Growth from ~100 to over 3,000 active users.
- Technologies: NestJS, TypeScript, PostgreSQL

Back-End Developer

Nov 2023 - Jun 2024

SENPRENDE

- Backend development focused on SIS (Comprehensive Services System), database management and migration to TypeScript.
- Technologies: NestJS, TypeScript, PostgreSQL, MongoDB

Web Developer

2021 - 2022

CCS Consultores (Honduras)

- Development and improvement of ATKi POS, a point-of-sale system with sales-tax calculation and built-in accounting.
 - Technologies: PHP, jQuery, CSS, HTML
-
